Learner Feedback

Social Services Children and Young People

Training comments

- It helped me to get better at my work and I could learn at the same time that I worked
- The course has helped me a lot to do my job better and to be a better professional
- Amazing support throughout the whole course and all expectations met
- The assessors work very very hard and try to answer every message in a timely manner.

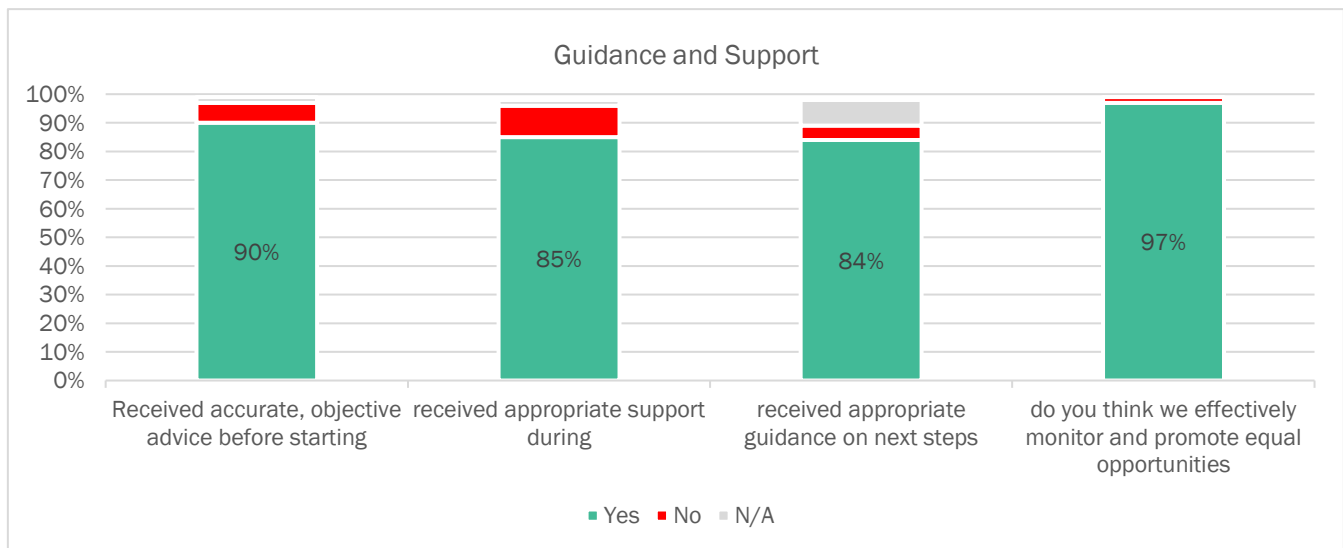

- I feel like this is a perfect course to help you improve your knowledge and learn to do the best at my work
- Absolutely happy and satisfied with the units of this course The e-portfolio is easy to manage although I found it hard how to upload my work on the diary entries so I end up uploading it thru the emails or the wizard entries, maybe because I am using an old Mac, I don't know...but my assessor made everything easier and smooth for me, she is fantastic!!
- My assessor was an amazing, supportive, kind and lovely woman. She was so helpful and made this entire experience enjoyable. I don't think I would have completed it without her. She would do everything she could to help in every way. :)
- My expectations before I start the course and which were met with no exceptions were to have the right volume, time and level of support, knowledge of my course leader and additional support if some was needed. I was expecting also valuable and effective feedback, support during the studies. I did not expect that my assessor will be very approachable even on personal level or would help and support me even when I was ill or unwell. But surprisingly she offered me all of the above and beyond and took away unnecessary stress due to illness so I can recover, get better and continue my work where was left out.
- My assessor was super helpful and supportive. She always reviewed my works super quickly and was always available for support. I'm very satisfied with her.

Social Services and Healthcare

Training comments

- After getting off to a slow start with changing assessors, my new assessor has supported me to understand and complete the qualification.
- This has been quite challenging at times working through pandemic and no access to college, all assessments, meetings on laptop and phones which has caused difficulties with connections at times, however with support and understanding from assessor have overcome these to finish SVQ.
- I enjoyed my time doing my SVQ with TFC. My assessor was very helpful and approachable.

- My assessor was a fantastic support and assessor and I can't thank her enough for her support.
- After more in depth conversations with assessor, the qualification became clearer on how to write assessments to their full potential, to allow me to get the most out of each unit.
- This has been very informative and beneficial in my role as a social care worker, providing knowledge and understanding, to why we do things, the cause and effect in our role, following policies and procedures under legislation.
- I can't fault my assessor. She was always approachable and helpful.

Employer Feedback

Social Services Children and Young People

Average scores from 23 feedback forms for candidates completing in 2021-22 where 10 is most positive

	Average Score
Did the candidate's practice improve during the award/assessment process?	9
Did the candidate's knowledge improve during the award/assessment process?	9
How do you rate the level of support given by the Training for Care assessor?	9
How well did the support sessions at TfC fit in with your staffing requirements?	9
How would you rate TfC's communications when setting up the candidate's place?	10
How would you rate Training for Care's communication during the course?	9
Overall, how satisfied are you with TfC's delivery of the qualification for the candidate?	9
How likely is it that you would recommend Training for Care to a friend or colleague?	10

Please add any further comments here, these would be very helpful

- We are so grateful for the support Training for Care gave to the candidate and the organisation and we really value the time TfC allocated to the candidate in order to get her through the award so quickly. Thanks!
- I honestly couldn't be any more impressed with the support TfC gave the candidate in completing her award in the time frame that she did. Thank you so much.
- It has been a delight to support the candidate
- We found the assessor to be very approachable and helpful
- The course appeared to be very much self-lead learning however, tutors were available to support when required.
- Really pleased for the candidate, thanks TfC!
- I feel the whole process was completely comprehensive, even given the Covid restrictions, and I am delighted with the support offered.
- Was a very different communication and observation process due to current government guidance and restrictions, however it worked well.
- Our experiences with TFC have always been very good and given all of the challenges we have all faced over the past year the support has been good. It was a bit challenging for staff to progress with the tutors furloughed and work taking a long time to turn over with feedback but it is understandable given the situation we were in.
- The assessor has been fantastic, keeping everyone up to date. Very approachable and clear on what was expected.

- Due to the Pandemic it has been difficult for assessors and candidates to meet for support and observations, this may have resulted in candidates taking longer to complete that normal
